

Copy paste these to the wayback machine... hopefully whatever I save there actually saves all of the videos in the playlists

And also I found some deleted video's links by finding reaction videos to them and links to the original video in the descriptions.

Sab. Kha.

let's get to it... oh wait I almost forgot, this is called "saved https saver" because I had two different documents with the first one having "saved https" in the title and the second "saver" so I mixed them because they both did the same thing

saving links
